The Acquisition of Four New Build 4,400 TEUs Vessels

Regional Container Lines Public Company Limited (the “Company” or “RCL”) is pleased to announce that it has entered into a firm order with a reputable shipyard for the construction of four new vessels, each with a capacity of 4,400 TEUs. The total investment for this order is at a level in excess of USD 220 million, equivalent to approximately THB 7,800 million based on the current exchange rate. The first vessel is scheduled for the beginning of 2027.

These vessels support RCL’s future business expansion and simultaneously modernize the fleet. With the cutting-edge design focused on efficiency and sustainability with a remarkable reduction in fuel consumption can be achieved, outperforming others by 30-40%. They will be capable to utilize port/shore power, contributing to a reduction in emissions during port operations and been designed to support alternative fuels and green power sources in the future after modifications.

This achievement underscores RCL's dedication to not only environmental responsibility but also compliance with emerging regulations, marking a positive step towards greener maritime shipping practices. RCL upholds its commitment to ensure operational efficiency and foster sustained growth, all in the best interest of its stakeholders.
